**TENNIS GUIDE 2018**

**Dates**

- **First Practice:** Monday, March 18, 2019
- **First Date of competition:** Monday, April 1, 2019
- **Last Date of Play:** Saturday, May 25, 2019

- **Boys/Girls Individuals:** Thu May 23 – Sat May 25, 2019
- **Team State Championships:** Tue May 28, - TBA

**Championship Sites:** TBA, Neutral Tournament Host Site Preferred

**Scoring**

The tennis guidelines are for tennis team regular season, team championships, and the Individual singles and doubles championships. Vermont schools are to use the 5-2 format for all divisions. Game scoring will use No-Ad, (at 40-40 deuce, one point will be played to decide the game). The receiving player will have the choice of court in which to receive. Set scores will be 2 out of 3. **Adopted 2012:** For the third set, a match breaker (tiebreaker to 10), will be used in determining the winner. All scoring is team scoring. Note – All schools must submit their match line-up cards for every match to Jeanine Hulsen, VPA Tennis Committee Chair

**The VPA point index system will be used for determining state championship tournament draw seeding.**

**Facilities**

Regular Season/Tournament- If a coach deems a playing surface to be unsafe at the time of the match, the court will not be used.

Schools must have a minimum of 3 courts in order to host a match.

If during the regular season a school has questions/concerns about the playing surface of a court(s), this should be referred to the Tennis Committee immediately.

**Sportsmanship**
There will be no tolerance for negative statements or actions between opposing players or spectators and players, especially trash talking, taunting, or baiting of opponents. If such comments are heard, a point penalty will be assessed immediately. In addition, unreasonable delays between points (25 seconds), game changeovers (60 seconds), or disruptive behavior will also result in point penalty.

Player, ball, racquet, or language abuse will not be tolerated. All line calls and scoring will be made by players themselves without interjection by coaches, other players, or spectators. First offense is point, second offense is match. It is the responsibility of either coach to immediately assess penalties.

Unsportsmanlike conduct may result in disqualification with a team point awarded to opponent.

The home team coach or designated site supervisor is responsible for event crowd control.

Proper tennis/team attire is required.

All cell phones on court are required to be turned off. Failure to do so will result in a point penalty.

**Coaching**

Each team must be accompanied during the regular season by the team coach. During tournament season it is recommended that a school administrator or designee also be present. Coaching may occur inside the fence area. Only one coach may be inside the fence area. New rule adopted 2019. Coaching will be allowed during a match at the change of ends for only 60 seconds by a coach or teammate. Adopted 2012: Coaching is allowed on first game in set changeover.

There is an optional two minute break at the completion of a set and coaching is allowed.

Only ONE coach or teammate may coach during a changeover (a tiebreaker is not a changeover. There may be one coach per match.

An administrative/logistical correction during a match is not coaching (this does not include call corrections).

**On Court Rules**

General Team warm up times should be concluded to allow individual match participants to have full 10 minute warm-up.

It is expected that first matches will start at the scheduled time.
It is the coaches’ responsibility to keep matches moving along in an expedient manner.

Any “out or let” call must be made instantaneously (i.e. before either an opponent has the return or return has gone out of play). No call keeps the ball considered in play.

The server should announce the set score prior to each service game. The individual game score should be announced prior to each serve.

If players cannot agree on a score, they must go back to the last score agreed upon and resume play from that point.

Wait until players on another court have completed a point before retrieving or returning a ball, or leaving the court area.

All other regular USTA rules apply.

**Line Up Rules**

*Adopted 2012: regular and post season are same*

Format of Play is: 5 singles and 2 doubles. Each player may only play once during a match.

*Adopted 2012:* The order of Line Up must reflect strength in level and ability of play in your singles players, and doubles teams.

**Home Team calls the order of individual match play for the Team contest. At least one doubles match must go on in the first round.**

**Player Substitution:** In the event of a missing player, all singles players must move up to maintain the integrity of line up.

**Example:**

If you are missing a player in the number 1 to 5 singles, you must move up the ladder in order. For Example: if your #2 singles is sick, then your #3 moves to 2, #4 moves to 3, and #5 moves to 4.

**What you can do in the #5 singles open spot:**

- You can forfeit #5 singles and leave your two doubles teams in tact.
- You can move one of your doubles players up and put 10th player in the doubles spot.
- You can put 10th player in #5 singles spot

**Incomplete Line-Up for Season:**
• The team must forfeit from the bottom up, i.e. Singles #5, #4…, Doubles #2, Doubles #1.

Protocol for Match in Progress Postponement:

• Individual matches completed stand.
• Individual match in progress must continue with same score and same players. If one of the players is not available to complete the match, the absent player forfeits the individual match and a point is awarded to the other team.
• Individual match not started may allow for substitution only if original player is not available. However, order of strength must still be maintained.

• If match is delayed due to weather for 30 minutes or more, players are allowed a 5 minute warm up to resume.
